ABOUT ME

With over **25 years continuous experience** in website design and build, tenders, print design, advertising, corporate identity, brochures, direct mail, branding, exhibition stands, point of sale, & concept development, there is little I haven't done.

I live in **Marlborough, Wiltshire** and I am experienced, accurate, creatively assured, calm under pressure and an all-round team player. So if you're in need of either a print or web based designer (or both) then I'm likely to be your man.

In my **previous role** I was solely responsible for the design of all marketing material to include: tenders, Powerpoint presentations, e-books, brochures, product guides, infographics, exhibition design, landing pages, digital thumbnails and digital adverts.
