HELLO,

With over **20 years continuous experience** in website design and build, print design, advertising, corporate identity, brochures, direct mail, exhibition stands, point of sale, and packaging, there is little I haven't done and there's more that I'd like to do.

I live in **Marlborough, Wiltshire** and I am experienced, accurate, creatively assured, calm under pressure and an all-round team player. So if you're in need of either a print or web based designer (or both) then I'm likely to be your man.

Currently freelancing for a wide range of clients and disciplines, as a creative 'gun for hire' so feel free to drop me a line if you have a project in mind.
